To detect the animals and birds we are using an open-source platform Clarifai. To use this service in the project we need to sign up for this.

CLARIFAI

Clarifai provides an end-to-end platform with the easiest to use UI and API in the market. Clarifai Inc. is an artificial intelligence (AI) company that specializes in computer vision and uses machine learning and deep neural networks to identify and analyse images and videos. The company offers its solution via API, mobile SDK, and on-premise solutions.

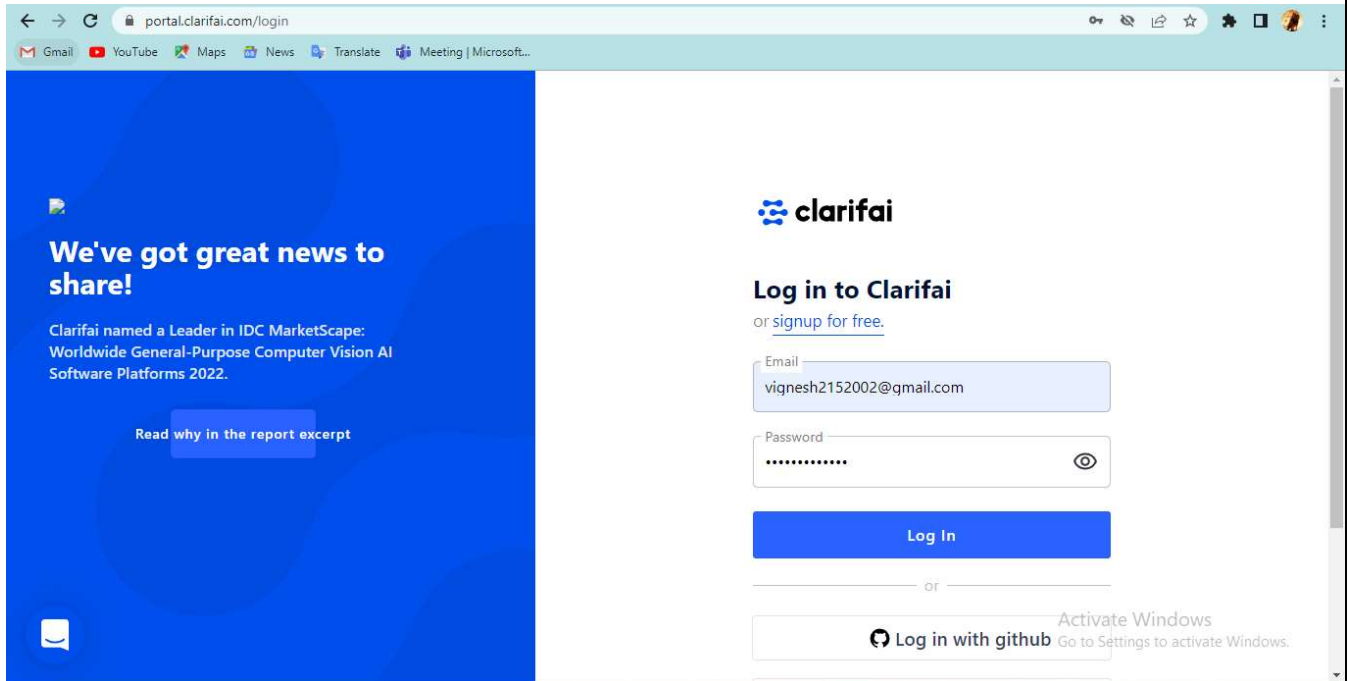

STEP 1:

- Open Clarifai portal in web browser

STEP 2:

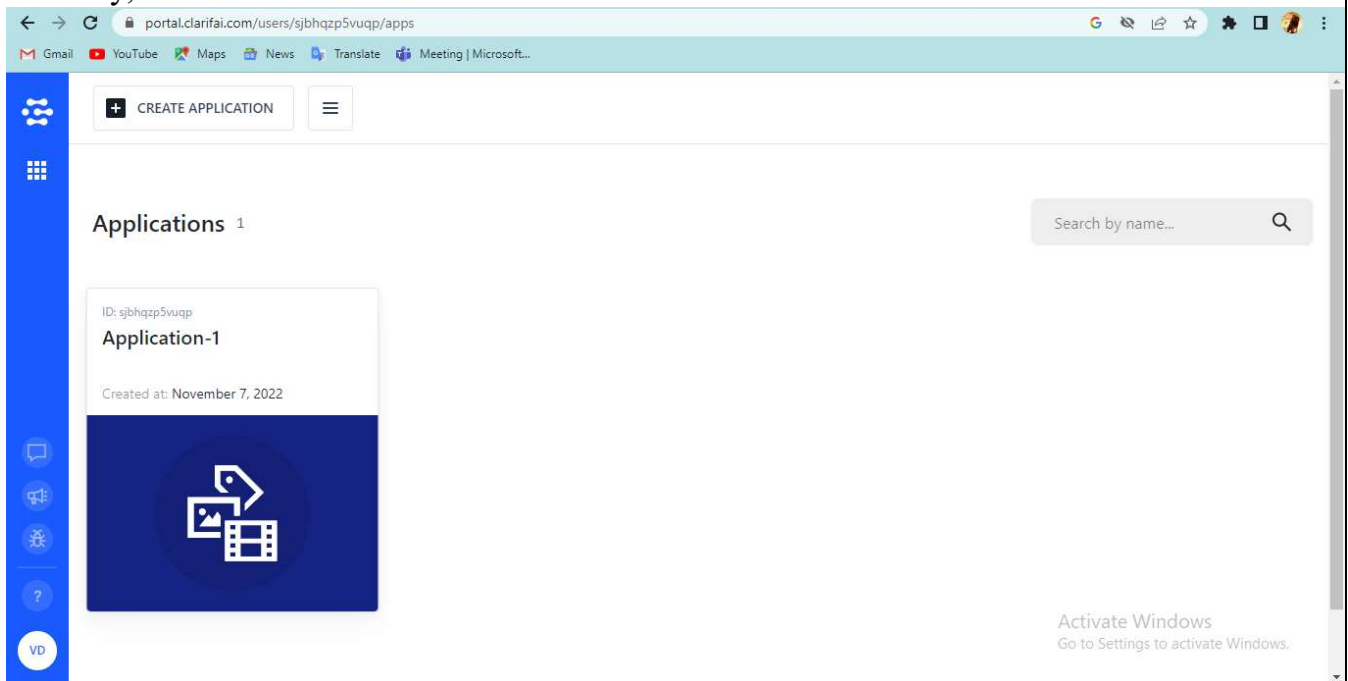

- Signup using the required user mail and password

The screenshot shows the Clarifai login page in a web browser. The address bar displays 'portal.clarifai.com/login'. On the left, a blue banner contains the text 'We've got great news to share!' and 'Clarifai named a Leader in IDC MarketScape: Worldwide General-Purpose Computer Vision AI Software Platforms 2022.' with a button 'Read why in the report excerpt'. On the right, the Clarifai logo is at the top, followed by the heading 'Log in to Clarifai' and a link 'or [signup for free.](#)'. Below this are input fields for 'Email' (containing 'vignesh2152002@gmail.com') and 'Password' (masked with dots). A blue 'Log In' button is positioned below the password field. At the bottom, there is a link 'Log in with github' and a Windows activation notice.

STEP 3:

Finally, Created an account.

The screenshot shows the Clarifai user dashboard. The address bar displays 'portal.clarifai.com/users/sjbhqzp5vuqp/apps'. A top navigation bar includes a '+ CREATE APPLICATION' button and a menu icon. The main content area is titled 'Applications 1' and features a search bar 'Search by name...'. A single application card is visible, showing 'ID: sjbhqzp5vuqp', 'Application-1', and 'Created at: November 7, 2022'. The card includes a blue square icon with a white camera and filmstrip symbol. A left sidebar contains various icons, including a 'VD' icon at the bottom. A Windows activation notice is visible in the bottom right corner.
